

PREREQUISITES

Team ID	PNT2022TMID06927
Project Name	Gas Leakage Detection and Alerting System for Industries

The screenshot shows the IBM Cloud Dashboard. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Kavinraj K's Account). The main content area is titled "Dashboard" and features a "For you" section with several quick-start options: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Explore IBM Cloud Shell" (Try a command-driven approach for creating, developing, and deploying a web project), "Visit the IBM Cloud catalog" (Explore our unique product catalog that contains 190+ services and software for your business solutions), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), and "Build a Cloud (IaaS)" (Upgrade to create a new instance). Below the "For you" section, there are sections for "User access" (Manage users), "News" (Introducing Badges to IBM Cloud Certification, Announcing IBM SevOne Network Performance Management Version 6.4), and "Planned maintenance" (View all).

The screenshot shows the IBM Cloud Resource Catalog. The top navigation bar is the same as the dashboard. The main content area is titled "Resources" and features a table with columns: Name, Group, Location, Product, Status, and Tags. The table is filtered by "Name or IP address...". The table lists various resource groups and their counts: Compute (1+), Containers (0), Networking (0), Storage (0), AI / Machine Learning (0), Analytics (0), Blockchain (0), Databases (2+), Developer tools (3+), Logging and monitoring (0), and Migration (0).
